

New HISA Compliant Race Plates for Dirt Tracks

Kerckhaert Tradition 4mm Hind with Toe Clips in sizes 3 through 7 are now available. Unclipped Tradition 4mm Hind and Unclipped Kings 4mm Hind will be available soon - watch for news of their arrival! The 4mm shoes now positions the Kerckhaert line as the best in the market to provide a wide range of compliant front and hind shoes.

The chart to the right shows a list of compliant horseshoes produced by Kerckhaert as of December 2022. For the most up-to-date HISA compliant shoe styles, visit farrierproducts.com/hisa.

uc = unclipped | t/c = toe clip | s/c = side clips

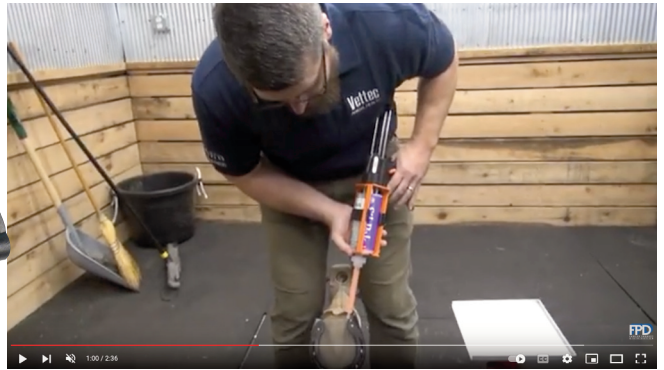

** Expected January 2023

Vettec Dual Speed Applicator

The Vettec Dual Speed Applicator evenly distributes two-part adhesive, ideal for both hoof trimmers and farriers.

One setting of the dispenser distributes the material at a normal rate, the second setting distributes material at a faster rate, dispensing more adhesive with fewer pumps.

It features a side loading cartridge design with an enclosed mechanism to prevent debris impaction. Set to 12 or 24 pumps for dispensation. Easily change setting with the touch of your thumb.

Diamond Driving Hammers

The new Diamond 10 oz. and 14 oz. driving hammers are now available. These hammers will replace the old hammers and feature a nicer finish and are better quality.

New Design for FootPro™ Wooden Shoes

The original FootPro™ Wooden Shoes have been modified - they now have a flat surface on both sides. As dealer stock is depleted, they will be replaced with this new version.

HARD WORK INSPIRED

SINCE 1908

THE EASY CHOICE

"Save Edge and Heller aren't in the same league as Bellota ... they just feel sticky and unbalanced."

- Wesley Buranaphan, TX

GUARANTEED CONSISTENCY

All 6 rasps in a box are guaranteed the same level of quality.

BELLOTA RASPS STAY SHARP LONGER

Bellota's chrome alloy steel and unique tempering process ensure the sharpest rasps.

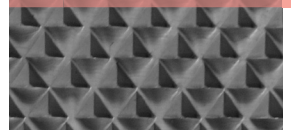

BELLOTA OUTPERFORMS THE COMPETITION

Tests show Bellota rasps deliver better cutting performance, consistency and durability over time.

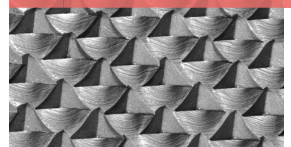

Bellota offers a full range of rasp options with varying combinations of rasp and file coarseness, length and width. To view the full product line, visit bellotafarrier.com
